911 Outages/Remote/Community Isolations:

- None reported

Service Interruptions:

- None reported

# **WEATHER OF CONCERN**

## **NORTHERN CALIFORNIA**

- The cold system impacting the region continues to produce snow across the Sierra and western Nevada bringing gusty winds and whiteout conditions.
- Travel impacts have been significant and are generally being experienced for all locations in the region.
- The cold front will sweep through by late morning/early afternoon today allowing for quieter weather this evening through early Tuesday. After a brief reprieve, a stronger, wetter system will likely bring another round of heavy snow and gusty winds by mid week.

## **SOUTHERN CALIFORNIA**

- A cold storm system with low snow levels will affect the region into tonight bringing periods of rain and mountain snow, along with gusty winds.
- Dry and cool conditions are expected for Monday and Tuesday.
- More rain will likely affect the area late Tuesday through early Thursday, with a chance of showers later Thursday through Saturday.

### **Weather Advisories, Watches, and Warnings currently active in California:**

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca>

### **Active Weather Warnings, Watches and Advisories by County:**

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

# **WEATHER KEY POINTS**

**02/10/19 - 02/16/19**

## **Sunday**

- Heavy snow will continue over the northern coastal mountains, the Sierra and mountains of southern CA creating significant travel impacts
- Snow levels down to 1500 feet
- Gusty winds will also create areas of blowing snow and occasional whiteout conditions
- Gusty winds over many lower elevation areas will impact travel

## **Monday-Tuesday**

- Coastal rain and low elevation snow down to 1000-2000 feet across far northern CA. Travel will be impacted due to the snow.

## **Wednesday-Thursday**

- Increasing confidence on a wet and impactful storm across much of the state
  - Travel will be significantly impacted over the Sierra and mountains of northern California. Snow levels will be a bit higher than this current weekend storm
  - Heavy rain may cause debris flow impacts over recent burn scars of the Sierra foothills and areas of southern CA
  - Heavy rain on recent snow in the foothills of the Sierra and areas of southern CA may cause increased runoff and the potential for flooding
  - Gusty winds may cause downed trees and power outages

## **Friday-Saturday**

- Potential for another round of rain and mountain snow across the state. Confidence is low on precipitation amounts, timing and impacts

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Missions

- **2019-LAW-57546, 02/09/19, 1622 hours:** IERCC advised of a SPOT “SOS” activation at GPS coordinates 38.144690N -119.265990W plotting ½ mile south of Summer Meadows Road in Mono County. IERCC made contact via cell phone with the registered owner (R/O) and learned he had become separated from his snowmobiling group and was lost. He reported he was not in any medical distress but was fearful that the weather would become worse. At 1629 hours, LDO contacted Mono County Sheriff’s (MCSO) SAR Coordinator and relayed the activation’s information. MCSO initiated a SAR response. **Update: 1656 hours,** MCSO advised they had made phone contact with the R/O and he had located his party and was no longer in need of any assistance. MCSO confirmed the device had been de-activated. LDO updated IERCC. **Mission Closed**
- **2019-LAW-57538, 02/09/19, 1427 hours:** AFRCC advised of an ALNOT for a Mooney 020P, Tail#N3270F, which had not made its destination with family reporting the aircraft overdue, 02/08/19 at 2000 hours. The aircraft had only one soul onboard, an identified student pilot. The aircraft had departed Hayward Airport (HWD), Alameda County, with a destination of Lincoln Regional Airport (ARR), Placer County. AFRCC advised ramps checks were completed at the departure and destination airports with negative results. CSWC sent out CLETS messages to several counties within the believed flightpath. **Update: 02/09/19, 1500 hours,** LDO learned from Contra Costa County Sheriff’s Office (CoCoSO) that California State Parks Rangers were on scene of a downed aircraft crash site near Mt. Diablo, which was near the last known point of the ALNOT based on the radar track provided by AFRCC. CoCoSO advising their coroner’s division had been requested and were responding to assist California State Parks. **Update: 02/09/19, 1822 hours,** both CoCoSO and California State Parks advised positive identification of the plane was made confirming the tail number belonging to the missing Mooney 020P with one deceased located in the wreckage. LDO updated AFRCC. **Mission Closed**

# Cal OES MISSIONS TASKINGS

## Cal OES Missions

- **2019-Southern-57471:** Daily Operations - Mono County is requesting 1 California Conservation Corp (CCC) crew (Tahoe Center) to assist with critical snow removal operations in Mammoth Lakes. ([On Scene](#))
- **2019-Southern-57469:** Daily Operations - Mono County is requesting 2 CDCR hand crews from Owens Valley Conservation Camp #26 with 2 CAL FIRE Captains to assist with critical snow removal operations in Mammoth Lakes. (On Scene)
- **2019-Southern-57447:** Daily Operations - Mono County is requesting 2 CDCR hand crews from Owens Valley Conservation Camp #26 with 2 CAL FIRE Captains to assist with critical snow removal operations in Mammoth Lakes. (On Scene)
- **2019-SREOC-57441:** Daily Operations - Riverside County is requesting 2 "MUCKERS", 4 operators, and 1 supervisor from Caltrans to assist with excavating under road culverts properly prior to the next rain event. (On Scene)
- **2018-SOUTHERN-56869:** Daily Operations - Communication Support for the Baker to Vegas Challenge Cup Relay XXXIV
- **2018-IREOC-49869:** 2018 July Statewide Wildfires - Debris Management Task Force for Shasta County. (On Scene)
- **2018-CREOC-48046:** 2018-06-23-Lake-Wildland Fire - DTSC to clear debris from Pawnee Fire. (Coordinating)
- **2018-IREOC-45244:** Daily Operations - Caltrans to remove dead and dying trees along highways in Kern, Tulare, Fresno, Madera, Mariposa, Tuolumne, Calaveras, Butte, Plumas, Sierra, Shasta, and Lassen counties. (On Scene - Long-term assignment)
- **2017-INLAND-42559:** Daily Operations - Weather station installed to gather real time rainfall data by Air Resources Control Board (ARB). Mission extended through 05/30/19. (On Scene)
